

## KUROKI PAYS HOMAGE TO GRANT'S MEMORY.

*Japanese Soldier Offers Wreath at Grave of Famous American General. New International Society Launched at Reception to Foreigners.*

(By THE ASSOCIATED PRESS-P.M.)

**N**EW YORK, May 19.—When twenty-eight years ago, Gen. U. S. Grant, in his tour of the world, was the guest of the Emperor of Japan one of the officers assigned to attend him was a young colonel, who today as Gen. Kuroki of world-renown, visited Riverside Drive, and there, with massive oriental ceremony, placed a laurel wreath upon the American's tomb.

Gen. Kuroki's pilgrimage to Grant's Tomb today was the chief event of his stay in New York and a part of his programme which he had repeatedly said must be carried out.

Accompanying Gen. Kuroki's party proceeded in automobile to the tomb late this afternoon. Reaching the vicinity, Gen. Kuroki was the first to alight.

As the party entered the tomb, all removed their hats, and Gen. Kuroki advanced toward the sarcophagus which, about fifteen feet from the United States, which will no doubt become a part of our history even as the visit of Commodore Perry is memorable in Japan for more than a century.

He then announced that the Japanese Society of New York, founded May 17, 1897, had elected the following officers: Honorary president, Vice-Admiral J. J. Finley, president of the College of the City of New York; honorary vice-president, Geo. Fred D. Grant, U.S.A.; Dr. T. Takamine, Admiral Dewey; Dr. T. A. Delima; trustee, T. Oiso; committee, Stevens, Woods, Jacob Schiff, Cornelius N. Elias, August Belmont, E. A. Delima, Hamilton Holt, Lindsey Russell, J. Takamine, R. Arai, H. Okura, R. Fukui and R. Inamine. Present were Gen. F. D. Grant. Others present were Gen. Stewart Woodford, Cornelius Bliss, Gen. Kishogoro, Gen. Grant, Mr. and Mrs. Jacob Schiff.

## GOVERNMENT PROBER FLAYS STANDARD OIL.

(By THE ASSOCIATED PRESS-P.M.)

**W**ASHINGTON, May 19.—That the history and present operation of the Standard Oil interest "show throughout the past thirty-five years a substantial monopoly of the petroleum industry of the country, a deliberate destruction of competition" and a "series of acts of that industry" by less than a dozen men, who have reaped enormous profits therefrom, largely through abuse of transportation facilities" is charged in a report just submitted to the President by the Committee of Corporations Herbert K. Smith, chairman of the report was made public today and the other parts will follow.

Other information required is withheld for the present, in accordance with instructions from the President, who feels that publication might interfere with the prosecution of the government's case pending trial of the Standard Oil Company and its subsidiary companies. The report contains the net results of a study of the petroleum business during the past three years.

"It is the first of the statements of the operations and methods of the Standard Oil Company by which the report states through "scandalous railway discriminations" and other

## WOULD ENJOIN WHOLE CLASS.

STUDENT PUBLISHER SUES SENSORS FOR DEBT.

**A**KAISER Court for Attachment on Degrees of Graduating Body to Settle Sum Due for Publication of More Than Allotted Space in College Annual.

(By DIRECT WIRE TO THE TIMES.)

**C**HICAGO, May 19.—(Exclusive Dispatch.) Constables, justices and suits, equipped with class politics in the senior class at Northwestern University, threatened to prevent the graduation of the entire senior body, according to Police Magistrate Boyer of the Evanston Police Court, who will this morning issue writs and summonses against the officers and prominent members of the class for payment of a debt which they owe, it is alleged, to one of their own classmates.

The "Northwestern Syllabus," the annual student publication, is the root of the trouble. The debt, it is alleged, are due to the student publisher, Roy W. Snell, who is determined to get his money or the senior class will be banned from the summer vacation and scattered into the wide, wide world.

Having failed in every other means to get satisfaction from his classmates for their alleged indebtedness on the part of the student publisher, Roy Snell has asked the courts to廷起 their degrees pending the settlement.

So strenuous have been the efforts of the class to avoid the payments of their debts that they decided to forego the usual custom of leaving a class gift

**QUICK WIT SAVES BOY.**

(By THE ASSOCIATED PRESS-P.M.)

**P**UEBLO (Colo.) May 19.—A knowledge of the rudiments of telegraphy saved the life of George Sturt, a messenger boy employed in the Minnesota office building, who was accidentally locked in a steel vault yesterday.

Sturt tapped a wire running along the ceiling and with an extra instrument which he found in the vault communicated with the operator in the office.

## WITHDRAWS HIS NAME.

**E**dwina Gould Objects to Use of His Letter Head in Advertising Mining Stock.

**N**EW YORK, May 19.—Exclusive Dispatch.—Edwin Gould, president of the St. Louis-Southern Railway, and the clerical vice-president of the railroad, William Hamilton, have had a falling out over the latter's activities in trying to sell mining stocks with the consequence that Mr. Hamilton has been disciplined and lectured.

He will not lose his position as nominal vice-president of the Cotton Belt, as the St. Louis-Southern is known throughout the Southwest, but he has promised that he will never write letters on the official letter head of the president of the railroad, because

Mr. Gould's name appeared in many advertisements in local papers at the head of a facsimile letter written by Mr. Hamilton. Mr. Gould's friends began to call him to warn when he had an appointment in the St. Louis Best Copper Company, a stock which is traded in on the curb market. They wanted to buy a few shares, they said, but the property was all that Mr. Hamilton said it was.

## PEACE HATH HER VICTORIES.

### COMPLETE STRATEGICAL MAP OF CUBA FINISHED.

**A**rmy of Cuban Pacification is Materially Reduced and Recruits for Marine Corps Are Needed—Behavior of American Troops Most commendable.

(By THE ASSOCIATED PRESS-P.M.)

**H**AVANA, May 19.—[Exclusive Dispatch.] The army of Cuban pacification, after a bloodless campaign of six months, may fairly take rank as the crack corps of the forces of the United States. Without a single battle, the Americans have, it is said, taken 1,000 prisoners, captured 1,000, shot, or made a single hostile demonstration. It has to its credit a list of achievements of which the men are proud.

Among its moral triumphs have been the maintenance of a standard of discipline and sanitation, of more than modern excellence, and the preservation of perfect self-control while in contact with an unsympathetic population.

Its greatest material achievement has been the production, based on countless reconnaissances and surveys, of a map of the island which officers declare to be the most accurately prepared military map in existence.

With the completion of this work the possibility of successfully carrying on a regular and systematic force to subdue the Cuban rebels is now established. The report concludes that the monopoly enjoyed by the company does not rest upon the ownership of the source of the oil supply, which is controlled by the Standard Oil Company, but upon the fact that its present power rests primarily upon the control of the transportation facilities.

"After the railroad rebate was demanded," the report continues, "it was able to establish a system of secret or open discriminations which gave it a favorable position practically the entire country. Having established its monopoly of the pipeline business, the company substantially refuses to act as a common carrier."

It is claimed that the Standard company not only the wholesale, but also the retail trade in oil.

to the university, for fear that the money collected for that purpose would be levied for debts of the school.

In the annual publication the senior class have been in the habit of making a final record of their activity, and of having an individual picture of each member of the class, together with a short account of the college accomplishments of each member, and as these complete records take up more space than is allowed to each class, the extra space has to be paid for at a agreed rates.

The difference in the amount of copy inserted and that allowed, with the process of graduating class amounted to \$100, which the class afterward voted upon, allowing the company to hold on to his interest in the publishing house business three years ago.

**O**BITUARY.

**C**harles F. Cutler, NEW YORK, May 19.—Charles F. Cutler of Morristown, N. J., president of the New York Telephone Company, died suddenly from heart disease last night, at the Saratoga Inn, Saratoga Lake.

**C**harles Jackson Maran, SAVANNAH (Mo.) May 19.—Former Congressman A. C. Jackson, a Southerner who represented the Eleventh Indiana District in the Thirty-first and Thirty-third Congresses, died of his home here today, aged 92 years.

**R**ev. C. M. Barnes, NEW YORK (Mo.) May 19.—Rev. C. M. Barnes, who was widely known as the father of Barnes Company, publishers of school books, died here this morning of heart failure at the age of 70. Barnes, a native of New York, was a man of great energy and a successful businessman.

Since the time of voting, which was during the latter part of last fall, and the present time, the class has paid the sum of \$35, which leaves a balance of \$15.

**P**OLITICAL.

**A**LLISON STILL HOLDS POWER.

**I**OWA SENATOR MAKES LIGHT OF HIS EIGHTY YEARS.

**N**ot to Be Shoved Unless He Wishes to Retire, and Party Leaders Are Uncertain as to Presidential Campaign Moves—Cummins Is Willing.

(By DIRECT WIRE TO THE TIMES.)

**D**ES MOINES (Iowa) May 19.—(Exclusive Dispatch.) Senator W. R. Allison has materially disarranged many of the existing plans of the politicians of the state by his surprisingly sudden return to good health.

It is the result of his recent poor health and his burden of eighty years which probably took him out of the Senatorial race next year, but the Senator is taking miles walks before breakfast, and putting a color in his cheeks which has made the ambitious ones despair and there is much talk now that all opposition is likely to be withdrawn at the primaries next summer, and Senator Allison's desire to close his career in the harness may be unanimously gratified.

The party leaders who met here this week will make a business of determining what chances Gov. Cummins may have as a Vice-Presidential candidate. Should it become apparent that he is no longer fit for a place in either end of the ticket the Iowa politicians with characteristic thrift will try to make Iowa a sure place in the Cabinet list and will let it be known that Gov. Cummins would enjoy the honor of being Attorney General in the next Presidential Cabinet.

## FLEENOR IS RECAPTURED.

Long in City Jail Before He Is Recognized.

Has "Nerve" to Come Here After His Escape.

Attempts to Dash for Liberty from Patrol Wagon.

JAMES G. FLEENOR.

James G. Fleenor, the desparate "barefoot" burglar, who escaped from the Harbor Police Station in San Francisco while en route to San Quentin, has been recaptured, not by the detectives or not even identified by them. A new patrolman arrested him Saturday night on suspicion of having stolen a roll of blankets and sent him to the City Jail. There he remained nearly twenty-four hours without any of the officers suspecting who he was. Last night Jailer Gilpin identified him and he admitted his identity. He was immediately removed to the County Jail and will be taken to San Quentin, possibly today. Sheriff Hammel will take no chances with him this time. The desire to again see a woman he says he loves, caused the fugitive to return to Los Angeles.

J. G. Fleenor, the negro "barefoot" burglar, has been recaptured and is in the County Jail.

After remaining twenty-four hours in the drunk cell of the City Jail, Night Jailer O. L. Gilpin recognized the much-wanted robber.

Led by affection for a white woman, the burly colored house-breaker braved the danger of recapture and returned to Los Angeles after his escape in San Francisco on May 1. Through his cleverness Fleenor is in twenty-four hours succeeded in eluding suspicion twice. He remained defiant until positively identified.

The most clever criminal with whom the authorities of Los Angeles county have dealt for years, is well applied to Fleenor by the police. Sheriff Hammel says it will be the last escape of Fleenor while in the custody of the local authorities.

More than a year ago Fleenor began operations in Los Angeles. He is a well-educated man and is exceedingly clever. He started by opening a real estate office at No. 414½ South Spring street, and soon purchased No. 41½ South Main street. Twenty local firms were represented by him.

Once established as a real estate man, Fleenor began to put in operation his other elaborate plans for burglary that has ever been attempted here. He had been perfecting for years the plan and it worked to perfection. In his career of crime the robbery of former Fire Chief Strohm's home—he would never have been captured, probably.

### DEEP-LAID PLANS.

Confining his real estate operations to one section of the city, Fleenor soon became thoroughly acquainted with the district. On his property lists he secured homes which seemed to offer the best opportunities for loot and the least opportunity of capture.

In his capacity, this clever criminal learned the "lay" of houses and this enabled him to work at night to advantage. Fleenor worked at night, too, and often used himself to his advantage. He is tall and powerful, but only once in the hundred or more robberies he committed did he have occasion to use that strength.

Fleenor, "convinced" while in jail after his capture, that he was impaled with a gang, but if he was there is no evidence of it. Everything points to the fact that he was not. He also accused the detectives of giving him whisky to secure a false confession; and this, too, was proven untrue.

The undoing of the big negro came when he was captured on May 1. No. 319 Cedar street, about 9 o'clock at night, September 9, 1928. While Fleenor was riding the house, the former fire chief heard him and ran up stairs. He found Fleenor face to face in the light, but the negro escaped.

Through a pawn-shop ticket Fleenor was traced. He was arrested on May 2, 1928, and confined in the City Jail on suspicion. Two detectives worked on the case for several days and then had Strohm identify Fleenor. The negro's confession followed and scores of mysterious burglaries were closed up.

### NEARLY OUTWITS LAW.

An elaborate subversion marked Fleenor's actions until his preliminary examination. Then he retained an attorney and denied that his confessions were true. During the legal fight that followed, Fleenor several times nearly outwitted the prosecution, but the police always had him in a strong net of evidence about him.

The first evidence of Fleenor's desparate character came when he, together with Ernest Stackpole, the master of the "barefoot" and Frank Borne, an ex-convict imprisoned in the County Jail, attempted to murder Jallers Horrel and Gallagher after breaking out of the cell. The attempt was successful.

His trial followed and he was sentenced to fifteen years in San Quentin on May 10. Fearing that he might have pale in Los Angeles, Fleenor escaped from the City Jail to San Francisco by Deputy Sheriffs Aguirre and Woods. Sheriff Hammel had ordered that the deputies confine him to the Oakland Jail, but they did not.

BURGLARS FIRE HOUSE.

On the timely discovery of fire at the residence of L. Iberney at No. 138 North Anderson street last night, the burglar who had broken into the house was captured. The burglar had broken into the house and walked out of the station. The officer spoke of the incident to the desk clerk and it was discovered that the negro had escaped. A search was made but Fleenor was not to be found.

TELLS HIS OWN STORY.

In Fleenor's own words the story of his escape is best told. Standing in the bars of the upper cell at the City Jail last night he related the incident.

## OREGON TAKES BOGUS MONEY.

Spyious Gold and Silver Freely Circulated.

Organized Gang Dupes Banks and Business Men.

Government Makes Seizure of Large Amount.

(BY DIRECT WIRE TO THE TIMES)

PORTLAND (Or.) May 19.—[Exclusive Dispatch.] Ten thousand dollars in spurious one dollar gold pieces, and more than two thousand counterfeit silver dollars in the possession of United States Attorney Bristol, is considered conclusive evidence of the operations of a gang of professional counterfeiters in Eastern Oregon, where the imitation money was made.

The government's prosecutor has been investigating the case for several days and is satisfied the bogus money is being coined by a gang that carries on its work in eastern section of the State.

Learning that a great deal of counterfeit money was being circulated in Eastern Oregon, Mr. Bristol has visited a number of the towns in that section of the State, where he found conditions worse than had been reported.

The new coins of both denominations are exceptionally good imitations and so closely do they resemble the genuine that they have been readily passed. In one Eastern Oregon bank alone Mr. Bristol discovered \$700 of the worthless coins which had been received on deposit by the bank officials.

The dollars are especially clever imitations of Uncle Sam's product and would pass the inspection of the average bank clerk. Counterfeiting dollars are not so perfect, being slightly off color. They bear the date, 1925, and were made from copper and brass and washed with gold.

The gang is unquestionably composed of experienced counterfeiters who have served time, and so genuine do these products appear that no difficulty is experienced in passing them in business transactions.

The authorities do not charge this counterfeiting job to the Chinese gang or their confederates, who are now being held for trial in the Federal Court. The job is credited to a more bold and desperate crew.

### "FIXED" INSPECTOR.

Inopportune Remarks of Woman Passenger from Paris, Leads to Seizure of Valuable Goods.

(BY DIRECT WIRE TO THE TIMES)

NEW YORK, May 19.—[Exclusive Dispatch.] One of the most important customs seizures made in a long time in the port of New York was effected Friday afternoon, upon the arrival of the liner *Empress of Ireland*.

Surprise was aroused by the fact that nothing dutiable was declared when the customs officers boarded the ship. Mrs. Max Cohen had several trunks and two suitcases.

Confidence was placed in the fact that nothing dutiable was declared when the customs officers boarded the ship. Mrs. Max Cohen had several trunks and two suitcases.

The ship name "Loose" and she was the ground. Realizing that ever from the moment these thirty men who would expect any one in the vicinity, and they caught it in their hands. If they failed in this, not one of the operators would have lived in the ship.

#### VOICES OF THE STATE

##### THE STATE

*Music for the Gander.*

The striking Carmen in San Francisco have put on a line of omnibus from the ferries to different parts.

What would they say if the vehicles were smashed by rioters, the drivers stoned and beaten, and even worse?

What is made for the gander should be music for the gander. —*Macmillan Bee.*

*The Governor's Cool Head.*

Gov. Gillett is to be congratulated on having kept his head cool when not any one else in San Francisco and it is doubtful his cool head and firm hand that is bringing law and order to San Francisco. It is well established yet. What would be the reaction had Bell unfortunately selected? —*Santa Cruz Sentinel.*

*The Governor's Strength.*

But the shame of it all is that the Governor of the State of California had to leave his executive office to appear upon the same as the commanding general of the State's establishment, to present, even though it was a mere token, the metropolis of the State—refused to protect its citizens and its property from lawlessness. But is not the government of San Francisco awaiting trial by indictment? Are not the officials of San Francisco awaiting trial for crime? No wonder law and order had to be suspended for the protection of Gov. Gillett is strong in the enemies of law and order.—*San Francisco Gazette.*

*The Public and the Maid.*

The late Thomas Bailey Aldrich of Boston wrote exquisitely graceful and popular verse, but his work was never popular.

At a dinner party in Boston a young lady said to him:

"I have been reading 'Two Blue Eyes.'

"Charming book, isn't it?"

"Yes, but it's a big seller, like 'The Works of Marie Corelli and Her Critics.'

"My dear young lady," said the poet, "I'm writing the book, as I should. I did my part, if the public disapproves—well, then the public must be blamed."

"No, gentlemen, Susan," said the lady. "I am very sorry. Way down

"Why, mum, this morning, when I saw me carrying a sensible young woman, I said to myself, 'I must be in for a bad thing like this.' I turned up and took it from me, and he wears it like a footman."

"A resident of Commonwealth avenue is a lady in reduced circumstances who is here of a hundred references. Her maid is a rather fat, rather pretty girl, and the other maid is a very slender, thin girl.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

"I'm afraid that there are no better ways of getting rid of her," said the maid, after a moment's thought.

## NEED NO MACHINE TO OFFER THEIR PRAISE.

**Dunkers Refuse Aid of Auditorium's Grand Instrument and Find Grander Music in Human Throat—Able Addresses at Sabbath Meetings.**

THE magnificent 25,000 pipe organ stood silent with its console carefully closed and covered. Not a reverberation issued from the mammoth pipes at the Temple Auditorium, yesterday morning, when the "big meeting" of the Dunkers was in session, and the grand old hymns were raised by human voices: no "praising the Lord by machine" for these brethren.

Rev. Robert Burdette spoke of this in his particularly felicitous welcome before the morning preaching service, yesterday morning. Said he:

"Who you refuse the use of our 25,000 organ, I don't understand you, but this morning, on listening to this grand chorus of sweet voices, I can now understand of how little worth a \$25,000 organ is against \$20,000,000 voices."

Early yesterday forenoon the great Auditorium was filled, and the people overflowed into the Bazaar and Choral halls, until no more could be accommodated. The forenoon services began with the Sunday-school, conducted by H. P. Akers, of Columbia.

He announced that there would be no collection, but that each one could put his offering to interest until tomorrow, when both principal and interest would be given for the cause.

S. Moherman of Ohio treated the divisions of the lesson relating to the growth of Israel. He showed that the famine in Canaan was the agency of Israel's going down to Egypt. Once there, the oppressions caused growth

with a pair of balances to weigh up what they think is coming from others to them.

"You are entitled to only what you get out of Godly service, and this kind of pay is not weighable by manufactured balances. God measures up the value of the services that come out of hearing His Word."

"Brothers, if you were each to do today, to fill up God's call, what you expect or think to do tomorrow or next week, you, what a tremendous work would take place in spreading the knowledge of God."

"All conditions prove that we are debtors, first to God, and, secondly, to our fellow-men. To refuse the call of God is to refuse the eternal promises prepared and promised those who hear, receive and obey Him."

**AFTERNOON MEETING.**

Another immense congregation assembled at the afternoon service at 2:30 o'clock. The speaker was Elder Galen B. Royer of Elgin, Ill., secretary of the General Missionary Committee. In the course of his stirring sermon he said:

"Unbelief is the sensitive line of God between God and us. Unbelief on the part of Jesus' Disciples prevented miracle working. A new heart can and does aim to reach the highest level of soul-power and soul-enjoyments."

"In Matt. xvi, 17-18, this teaching occurs: 'A faithless and perverted people were powerless to cure the epileptic boy. Unbelief produces confusion

ELDER ANDREW HUTCHINSON,  
the "Walking Bible," of Kansas.

17 as his text. He said, in substance: Right doing is essential to salvation; no is no happiness in idle room, no room for salvation; and the future are the fundamental factors of prospect. To live in the great future we must live just right in the present.

The Jephtha service, the pastor said, remained "old order. The Mennonite religion and Mormonism are progressive movements. While the Christian Church is growing conservatively.

Jesus, in this connection, used the supper as indicating a future event; the communion of the bread and cup denotes the present. Jesus teaches that He came to bring salvation between places feet-washing as a symbol of preparedness. Service is the key which unlocks the storehouses of happiness.

Nearly 4000 voices joined in the singing of hymns and sacred songs last night at the Temple Auditorium, led by Prof. Howard, who was inimitable, and preceded a vigorous discourse by Bishop H. C. Early of Virginia, who spoke from the text:

"Once I said, I will build my church and the gates of hell shall prevail against it." Matthew xvi: 18. "The Christian church," said the speaker, "is a subject of interest everywhere. It is the church of the common man as to who constitutes the rock. Some think Peter was the rock, but I am unable to see how so great an institution could be fixed on any human kind."

"Paul declared other foundation cannot be laid except the Christ. Using all other foundations, to the conclusion principles of strength of the conclusion is that Jesus is the foundation. And so fixed is this foundation that no compact movement can overthrow it. The pastor proves that the church has changed hands, organization waned and reorganization had to take its place.

such as may again come to pass. Yet

God will have His church, His assembly of great, sound goodness: centered around Christ, the Son of God. See that the church is the Son of God. Upon all the God put into that ego stands imperishable around which cluster every being made like the Christ. The collection of the material for the building of the church, the material and the placing of it, God requires willing material. The broken will open the way for the God-will to prevail.

"When the God-gifts possess possession then the Holy Ghost goes in and embellishes the house, sanctifies it and develops. You may have come into the church but there were killing. You cannot build a house with green, live trees. They would grow and interfere with each other. I can half of the organization, the man could not live. He did not die, hence God cannot use him. The old man refuses to die to sin, and the eagerness to have the undead in the church bring him to life and harmony."

But God wants every man killed, if he can make him alive and fit him into the church where he will be a living entity.

"Did God put the power to believe every item of truth into your soul, and then pull it out, from believing and lead you into another way? Not at all. All over the land of Christendom is an earnest seeking for present living, instead of first seeking the kingdom of God. Is this the belief that the meek shall inherit the earth?

"Unbelief exercised towards God makes the Christ of no effect in you. Belief and unbelief are incompatible with the church of Christ and harmony."

"There is not a truth in this Bible that has not been declared impracticable some time. This is so said before the world. God's sensitive to the world for faith is our life of indifference towards His attributes of love, mercy and goodness. This character-making we partially reveal in the church, for in His love and perfections.

"You may know eternal purposes of God in permitting the Israelites to serve the Egyptians for four hundred years, said this speaker. "He that brought them into the land of promise is the same of His character unto holy men to shine out. Through them appear His attributes of love, mercy and goodness. This character-making we partially reveal in the church, for in His love and perfections."

"Isaac Friend of Ohio held that work with God requires more room for more room for the soul to move and expand in all efforts to win and save."

### WELCOME EXTENDED.

Before the preaching services in the Auditorium, Dr. Burdette extended a most genial and loving welcome to the Brethren. In his usual felicitous manner he lighted up the countenances of his hearers and made them feel that their gathering is very welcome.

Elder J. B. Trout of Lanark, Ill., spoke upon the subject of "God's Call." He said in substance:

"The easiest labors are those of God and the easiest calling is that of His adversary. God's callings are quiet persuasive, forceful, 'happifying.' The call should be heard reverently, for no irreverence can come from God."

"The call to God is an immediate use. The ears all expect to quit lying sometime, and how many drunkards are expecting to lead a sober life sometime. If all others all cheat all adulterers, all tricksters, all liars, all to do what they think they will do sometime, what a clearing of accounts is in the civic and spiritual rightness of the world. There would be in the world, the field is wide for the work of the church."

"The great sentiments of Romans, the second chapter, relative to teachers, were grandly drawn. With one billion of heathens in the world, the field is indeed wide for the work of the church."

"The programme today includes: An annual Sunday-school conference at 12 o'clock, and a missionary meeting at 2 o'clock p.m., and an address from Elder H. C. Early of Virginia. At 3 o'clock the educational interests will be considered, and at 8 o'clock this evening Elder J. J. Yoder of Kansas will speak on temperance."

"IN CHORAL HALL."

While the "big meeting" was in progress in the main auditorium, Elder N. H. Bowes of Virginia, 3:30 o'clock, delivered an address in Choral Hall on "Happiness," using John, xiii:

"Many men are standing around Hall on "Happiness," using John, xiii:

"Many men are standing around Hall on "Happiness," using John, xiii:

he use the Bible in the pulpit, but he has been known to quote from memory from twenty to thirty parts in single sermons each day for several weeks, and give their meanings. In his efforts to assist men and women to abandon ignorance and secure for them a better life, he has been very successful. It is the education wrought out of the universe of undying thought.

He has preached in nearly every Dunker congregation in the brotherhood. Once he was to speak in a house that had not been used for some time. As he arose to speak he discovered that the old bed had come out from the desk one at a time. Seizing the lid of an old book, he struck at them as they appeared, each a second time he bid them to the floor. As those fell, two bedposts turned in setting a foot on the stingers, and thus saved the preacher from having to repeat. The sermon was delivered in a series of short, sharp, brief, but forcible words. At the close of the service, the floor was strewn with dead beds. Brother Hutchinson is a student under difficult circumstances, but lives there in holy principles but lives there daily. His home is at McPherson, Kan.

MOTHER GEIGER.

Wealthiest Woman in Dunker Church, Large in Benevolence, and Loved by All People.

The wealthiest woman in the Dunker Church is Mrs. Mary S. Geiger of Philadelphia, and she is benevolent as she is wealthy. When she appears at the Auditorium she is instantly the center of an eager crowd of old friends, who never tire of talking of her and who almost revere the ground upon which she walks. Her kindly face is all smiles and she has the warmest greeting for all who approach her.

Her benevolence has extended in all directions among the institutions of her church. One of the greatest of these is the Geiger Memorial Church in Philadelphia, which she is at present enlarging at a cost of \$20,000. She recently endowed a Bible chair in Juniper Hall at Hinsdale, Ill., with \$10,000, by an appropriation of \$20,000, her special desire being to train young men for the ministry.

The old folk houses, where the aged of the Dunker Church are cared for, their every need being supplied amidst the best surroundings, have also been her special care, and to these she has devoted great sums of money.

## OWENS RIVER'S ALKALINE WATER.

*Analysis Cited by the Power Companies' Organ Shows Water Thirty Times Purer Than That of Los Angeles' Present Supply.*

THE Evening News, assuming that its readers are ignorant of chemistry and do not know what constitutes good water, prints at last the analysis of Owens River water upon which it bases its assertion that the water is strongly alkaline and unfit for domestic use, "shows that the water is not only 'convincing proof of alkaline river,' and dares the civic bodies to ignore the reports.

This is the analysis made by Prof. Lange of Zurich, as printed by the News, the organ of the power companies:

Yet  
Sodium chlorid..... 0.75  
Sodium carbonate..... 0.90  
Calcium carbonate..... 0.65  
Magnesium carbonate..... 0.25  
Silica..... 0.11  
Iron and aluminum..... 0.05  
Grains per liter.

The total of alkaline salts is .653 grains per liter. There are 2.78 liters in a gallon, and therefore, the total of sodium salts in a gallon is 1.712 grains.

If the analysis is correct, a remarkably pure sample of water must have been sent to Prof. Lange, for no other chemist has found so little alkali in the water of Owens River. The United States government has been holding weekly analyses of Owens River water since last November, and the average of mineral salts found in the water is between 15 and 19 grains to the gallon. Prof. Lange's analysis shows that the water, found less than two grains of mineral to the gallon.

Prof. Hilgard of the State University analyzed the water of Black Rock Springs and pronounced it the purest natural water he ever examined, and this pure water contains 7.6 grains of mineral to the gallon.

Prof. Stabler analyzed Black Rock Mountain water for the Evening News, and the paper made no general report, because it disproved Sammy's assertion that the water was poisonous and unfit to drink. Sammy now says he suppressed that report, because he discovered that Prof. Stabler was in the employ of Mulholland, "insinu-

WOO MOUNTAIN,  
VALE AND SEA.

INVITES HER TO  
VISIT MORGUE.

MANY THOUSANDS ENJOY IDEAL CALIFORNIA DAY.

Cars on All Lines Loaded to the Guards—Long Beach Gets Largest Number of Pleasure-Seekers, but All Other Delightful Spots Get Their Quota—Record Broken.

There was a tremendous rush to beach and mountain resorts yesterday. All day long cars, crowded to the guards, whizzed out into the country, carrying thousands of pleasure seekers who were bent on a few hours' outing.

Wood by the gentle breezes and balmy air, all who are lovers of life in the open, who could do so, sought to vanquish dull weather. The weather will be enjoying the delights of the many attractive resorts by the ocean, or sped into the cool retreats of cations to picnic or lounge luxuriously until quick-descending twilight warned them that the short hours of holiday were over.

The largest crowds were at the Pacific Electric building, and early in the morning the big crowds began to fill with eager pleasure-seekers.

Officials who kept close observation of the crowds during the Fiesta week, declared that yesterday's crowds even surpassed the records of two weeks ago.

"We have been running cars with trailers all day long," said one official. "It seems as though the warm weather had started people on the beach and now that the sun is out this summer will break all records on our lines. We have a number of new cars and others are being completed as fast as possible. Long Beach probably got the largest number today. Cars have been running to that city every few minutes. We have handled the passengers without mishap and without undue waiting for cars."

At Long Beach the plunge was filled with bathers most of the day and the surf, as usual, claimed its quota of more hardy maidens and escorts who love the dash of the breakers. The sands were lined with beach umbrellas, the long pier was filled with a restless throng, passing and repassing along the promenade.

Now the beach is but a line, the only one patronized. Thousands were to Arcadia, Menlovia, Sierra Madre, Mt. Lowe, and other points in the country, where the wild mustard covers the hills in patches of yellow, garbed in midsummer brown, and long vistas of eucalyptus and pepper trees make vivid patches of green.

At the fourth-street station of the Los Angeles and San Pedro the crowd of the season. Vans, cars ran in trains of two coaches each, with not an empty seat, and the Hollywood and Coliseum cars carried many who preferred the longer ride along the foothills.

"The best crowd this season for Sunday," said one of the ticket sellers. "It is not as bad as the weather, but we have begun although next Sunday may be chilly enough for an overcoat. We can never tell beforehand what sort of a crowd we will be called upon to handle. But this morning the line would be flushed with traffic."

The streets seemed very quiet, especially as compared with the throngs of people on the past week, when thousands of visitors in the sights.

Hotels were well nigh deserted during the day, as the guests were for the most part away on vacation, only returning in season for dinner, and few auto could be engaged after 2 o'clock in the afternoon.

And late in the day, the thousands of pleasure-seekers returned to the city, tired, perhaps, but refreshed in the cool evening air, and ready to take up the burdens of the week after full enjoyment of an ideal California day.

To Residents of San Francisco:

The San Francisco Call newspaper has opened a branch office at No. 525 South Spring street, where advertising space is taken up and received. Send in your subscriptions and the Call will deliver you daily, by carrier. William W. Wren, agent. Telephone Main 2761, No. 419.

and included numerous dishes. Music was furnished by the girls' mandolin club of the school. C. A. Faithful and J. A. Foshey contributed vocal numbers. H. H. Franklin of the Polytechnic delivered an address of welcome and E. L. Lickley responded. Toasts were responded to by W. H. Housh, Marie Keppe, J. B. Millard and Dr. A. W. Palmer.

At the close of the meeting, during one of the speeches when the speaker asked all the married men to rise, and about half those present responded. "Now let the unmarried men rise," said the speaker, and about half the schoolmasters sheepishly arose to their feet. "We want to know how many of you are willing to get married. Every man of you who is willing to take the risk of marriage, when the draw is raised, remain standing and the others sit down." Every man of them stood fast and were cheered by their more forward fellow-teachers, who were married. It is predicted that Cupid will soon be busy for the expected raise in salaries is coming.

Prof. Stabler added that the water was "unusually pure," and yet the Evening News has the effrontry to tell its readers that water containing 1.712 grains in one-fourth as much mineral salt is rotten with alkali and unfit to drink.

In March, 1906, when Owens River was at its worst and alkali was reported to be 2.78 grains of mineral, of which 1.7 grains were sodium salts, to the gallon, and that analysis was printed in the Times.

In 1898 analysis of Los Angeles River showed 2.72 grains of sodium, lime and magnesium, and the water now contains 22 grains of mineral salts to the gallon. The Los Angeles River is 100 miles long, carrying 10 grains of alkali to the gallon, besides the lime and magnesium which produce hardness.

There may be some error in Prof. Lange's analysis, as it is presented by the Evening News. Owens River never has been so nearly pure as that analysis indicates. If the water contains 1.712 grains of mineral salt, it would be good to drink and it would quickly destroy steel pipe. The people of Los Angeles would have to put more salt in their food if they drank the water.

On June 15, in the Kern River, there are 18 grains of alkali to the gallon, the lime and magnesium which produce hardness.

But probably at 8:30 o'clock that silent potential energy, representing 7500 horse power, was registered in this city, and was ready for its work. It had traveled over 117 miles of mountain and valley.

Such an achievement deserved triumphant marches played by every band in Southern California, deserved delegations from all the manufacturing interests of the city.

But although this power received no public recognition, the heads of departments of the Edison Company knew that recognition would come in time, and they were taking what the consumption of the great project of the company really signifies.

After the tremendous electrical power had been turned on for a few hours, the first load of 1000 horsepower was again turned on at 5 o'clock in the afternoon. Far up in the power plant No. 1 of the Edison Company in Kern River Cañon, H. H. Sinclair, vice-president of the company, was closely watching the big dynamo armature as they throbbed and pulsed under the force of the harnessed waters of the river. All went smoothly. Perhaps an adjustment of a valve, the turning of a screw, the oiling of a bearing, the delicate mechanism occupied a little time, but there were no defects. The complicated electrical machine was perfectly planned.

The waters of Kern River will now take up the burden so long carried by the steam plant, which will be kept in reserve in case of any emergency. Through nearly nine miles of conduit the water will travel to the power plant, the largest electrical plant west of Niagara.

Four years have been consumed in development and construction. Power plant No. 1 will be followed within three years by a second mammoth plant, and still later by another. The first plant will suffice for a time but the officials of the company are looking far ahead to the time when Los Angeles will require all the power that can be furnished.

While many will not appreciate all the technical difficulties surmounted in the work with gigantic tasks now brought to fulfillment by the Edison Company, every one can understand something of the manufacturing possibilities of the increased power supply.

CLEVER CROOKS ROB STORE.

Well-Dressed Pair of Thieves Loot the Cash Register While They Make Purchases.

Two clever sneak thieves secured \$19 from the cash register of a grocery store at No. 461 Central avenue about 11 o'clock yesterday morning. On the pretense of purchasing goods in the front door of the store, one of the robbers took Mrs. Jacob Fisher, wife of the proprietor, away from the money drawer while the other rifled it.

Just before Fisher left the store he saw the two men standing on the sidewalk in front of the store. They walked to and fro several times and then disappeared. Evidently they watched the grocery until Fisher had gone.

The older of the two asked Mrs. Fisher for 10 cents worth of onions. She secured a bag and went to the front of the store. The older man remained in the store, the younger accompanied Mrs. Fisher. After they had paid for their purchase they rushed out. Mrs. Fisher went to the rear of the store to get the cash and saw that it had been opened and the money taken out.

Mrs. Fisher describes the pair of crooks as about 25 and 35 years; both were dark complexioned; wore dark clothing and were fairly dressed.

## AT THE CITY

### HIGHLAND PARK.

THE school year of the Los Angeles Free Methodist Seminary at Highland Park will close to-night. The 12th year has been the most successful in the history of the institution. Rev. Moses M. Downing, who presided at the graduating class yesterday morning, at 10 o'clock, in the seminary, and at 12:30 at the First Methodist Church, and at 2:30 at the First Congregational Church, spoke before the students of the various societies.

The annual Lovefeast was held in the evening. Tonight there will be an open meeting of the Eberle Assembly Society will be held, and on Friday night the annual commencement exercises will occur at the semi-

annual meeting of the New York Valley Improvement Association.

New York Valley Improvement Association meeting tonight in Holloman Hall. The association will make an effort to secure bridges and street im-

provements.

Mr. Allison preached in the Park Presbyterian Church at evening and evening services yesterday.

Tonight a service will be held in the church, which was recently united with the organization.

Local cushion of the Highland Park Building at the end of Park Terrace, at the end of

the building will cost

the pastor.

Mr. McClellan, pastor of the West Methodist Church, corner West and Hobart boulevards, made a call on Mr. and Mrs. O. C. Brooks, who have been visiting his daughter in the pastorate.

Mr. Armstrong, daughter of Mrs. A. B. Armstrong, of No. 1666 Sixteenth street, has returned to Berkeley, where she spent the summer at the University.

Mr. Golden, who owns the north

house of West Jefferson and Venetia, is considering the erection of a business block and have been in touch with the architect.

Only one story may be built, as it will be on a hill and foundation and walls and foundation as well as strength so two stories may not be built.

Mr. McClellan has begun the erection of a panel-brick store building on Venetia avenue, near the corner of Venetia and West Jefferson street.

The building is 40 feet wide by 50 feet in width by 50 feet in depth.

Mr. W.G.T.U. will give a meeting at 8 o'clock this afternoon at the home of Mrs. A. C. Kline, No. 1027 First street. The meeting will be a "Peace and Arbitration" programme of music and oratory.

The meeting will be held in the hall of the Emmanuel Presbyterian Church.

Miss Charlotte Brown, of No. 2025 Franklin Avenue, is the chairman of the meeting.

Miss Wilson, small daughter of Mrs. A. C. Kline, No. 1143 Franklin Avenue, will be hostess to the meeting.

Miss Wilson, who has been given to twelve of her friends, will be hostess to the meeting.

Tasteful decorations and refreshments will be provided for games and bonbons.

Miss Wilson, who has been in the city since May since, will be hostess to the meeting.

Miss Wilson, who has been in the city since May since, will be hostess to the meeting.

Miss Wilson, who has been in the city since May since, will be hostess to the meeting.

Miss Wilson, who has been in the city since May since, will be hostess to the meeting.

Miss Wilson, who has been in the city since May since, will be hostess to the meeting.

## THE CITY'S GATES.

## HIGHLAND PARK.

The second year of the Los Angeles Methodist Seminary at Highland Park begins tomorrow. The school has a membership of 125. The year has been the most successful in the history of the school. Rev. Moses M. Downing of the First Methodist Church presided at the baccalaureate service in the graduating class yesterday in the Hermosa Methodist Church, and at 2:30 Rev. W. E. Stivers spoke before the Student Society. The annual love feast was held in the evening. Tonight there will be an open meeting of the Eberhard Society. The annual commencement exercises will be held, and a social hour followed.

The baseball team and tennis players of U. S. C. will go to Claremont Saturday, when they will meet the players of Pomona College in a friendly encounter.

Enthusiasm in baseball has not been high this season, and this has had an influence on the players, and they have done well in the former seasons.

Lack of interest is partly due to the fact that the school year has been crowded full of athletic events.

W. G. Smith of Corning, Calif., is a guest at the home of H. L. Cook, No. 848 West Thirty-seventh street. He was a delegate to the State Grand Lodge of the L.O.O.F. held here last week.

## GARVANZA.

Elaborate preparations are being made for the entertainment of the Illinois and Indiana delegations and citizens of Garvanza. South Pasadena and Highland Park are uniting to make the affair a great success. Mrs. John T. Robertson, chairman of the L.O.O.F. and Decoration Committee, Mrs. William Robertson has charge of refreshments and Pudge Wilkes is officer of the day.

Sam Cady and Mrs. Frank L. Wheat are arranging the programme for the children's hour.

Mrs. Emily Boller will address the Garvanza "Y" this evening at a social to welcome about forty who were recently united in marriage.

The association will make an excellent bridge and street improvement.

Allen preached in the First Presbyterian Church at 7:30 last evening. Services yesterday will be held to welcome about forty who were recently united in marriage.

The building will cost \$3500.

## SOUTHWEST.

Mr. and Mrs. Hills and Harry W. were married Saturday afternoon at the home of the bride's parents in Glendale. The bride is a great favorite in the city and is building a house on Park Terrace, the end of the building will cost \$10,000.

Mr. and Mrs. Frank L. Wheat are attending the programme for the children's hour.

Frank L. Wheat of North Avenue 65 entertained Thursday evening at the home of Rev. and Mrs. Frank L. H. Blanchard.

Mr. and Mrs. John A. Erbshaw, recently of Evanston, Ill., have located at No. 6185 Booth avenue.

## SOUTH LOS ANGELES.

Patrons have been signed and presented for the improvement of East Thirty-third street from Hooper to Central avenue. The street is to be paved and graded and five-foot cement walks put in. Work will be begun about July 1.

Patrons of the Central Avenue 65 branch public library intend presenting the library card for circumstance of the traveling library idea as at present conducted, as the plan is decidedly popular here. The books are the first assignment of fifty books was received and until the time comes for exchanging for another set, readers have no choice but these volumes. This arrangement practically limits the use of the big city library to a small list of half a hundred books, and that many of these are old and not well suited. Under the former method, now revoked, a patron could secure any volume in the catalogue by making application to the assistant in charge.

Rev. N. L. Howell, pastor of the Salem Congregational Church, preached last evening upon the Sunday-school anniversary of the church, his subject "Love." As "Pre-reqs to Labor," this was in honor of the International Sunday-school Convention now in session.

The West Los Angeles Improvement Association met Tuesday evening at the residence of the vice-president, W. E. Miller, No. 627 Fanning street. President W. F. Shelley presided and Dr. Allen superintended the removal of young Mulford to the California Hospital, where he was attended by Dr. Dillon.

Anesthetics were administered and an examination of the injured was made. After two hours the lad recovered consciousness. The physicians have not yet determined how serious are the internal injuries, but it is feared that the boy cannot live.

His mother, Mrs. Mabel Bates, a widow, whose home is at the Bonsai Hotel, No. 802 West Washington street. She and her son came to Los Angeles from Arizona early in the fall, in order that Donald might attend school here.

F. D. Bowland, a pioneer of the

city, will give this afternoon at Emmanuel Free Methodist Church, 1025 North Twenty-first street.

The subcommittee of the Arts and Crafts program of music and drama.

This chapter aided in the convention of the Arts and Crafts program at the First Methodist Church, 1025 North Twenty-first street.

W. C. T. U. will give a

lecture this afternoon at Mrs. A. G. Kuck, No. 1025 North Twenty-first street.

## Los Angeles County—Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## ONE INCUBATOR BABY IS DEAD.

BUT OTHER TWIN IS REPORTED AS DOING WELL.

Much interest in fate of Little One and Death Causes Sympathy for Parents—Funeral of Edwin H. Conger to be Held Tomorrow—Tooth Thieves Rampant.

Office of the Times, No. 28 E. Raymond ave., PASADENA, May 20.—Much interest has been manifested in the welfare of the twin baby boys born to Mr. and Mrs. of W. McCready, who were placed in the new incubator at the Pasadena Hospital. It will come as a sad bit of news that the three and a half month old is dead, all efforts of the doctors and nurses valiantly struggling to save him the proving of no avail. Sympathy is felt for Mr. and Mrs. McCready.

The publicity given the life struggle has aroused the interest of the whole city and a fervent prayer will go forth that the other little tot, which weighs but three pounds, may be saved. It was reported the hospital last night that the infant was doing nicely and that indications are that it will live.

The installation of the incubator has been reported throughout the states.

As it is, as it is, the most modern improvements, the medical fraternity is watching the success of its workings.

## CONGER FUNERAL TUESDAY.

With the rush of telegrams from all parts of the country, the news of sympathetic friends, messengers, burdened with flowers and inquiries from the newspaper field, complete arrangements for the funeral of Hon. Edwin H. Conger are still pending. Dr. E. L. Conger, the brother of the dead, one of the arrangements, feels keenly the hard strain which he has been under for so many weeks.

He has been obliged to hold the public services at the Conger residence, No. 162 South El Molino avenue, Tuesday afternoon at 3 o'clock. The body has not been removed from the home and is in charge of Dr. L. Warren.

## HOUSEBREAKERS AT L.A. WRECK.

No clue has been unearthed to the possible perpetrators of the two robberies that were committed at the buildings under construction by Contractor John Erickson at Mentor Avenue and San Pasqual street, and Dr. George Green, avenue and Mundell Drive respectively.

The robberies were committed on successive nights of last week and in both instances the contents were broken open and several dollars and tools stolen. Besides taking the tools the burglars also took several large pieces of canvas that had been used in covering material used in construction.

Some weeks ago reports came from the north side of town that thieving was rampant and men were detailed to watch buildings in the district and the robberies stopped. It is thought that the culprits have transferred their operations to other sections of the city.

## GEMS PENN'S BUTTONS.

E. N. Ackley, a resident at Schuster Park and is often a visitor in Pasadena, claims to have the bottom of the coat that William Penn traded to the Indians for the whole State of Pennsylvania. He says he came into possession of these curios when he was a boy and has been unable to find any record of them.

This is not the "bumper" crop, for some of the plants were set out in January and another field has not been set long enough to bring a full crop. He says the crop is estimated at \$350,000.

At this rate the strawberry crop will outclass either the English walnut or the navel or Valencia orange, and these were thought to be the present greatest in the world.

It is stated that the buttons were secured from the Indians by Capt. Ridgeway in 1760 and were handed down through several generations of Ridgeways until they finally came into his possession.

The buttons were given to Mr. Ackley by Jerry Ridgeway before he died in 1870. Mr. Ackley is an elderly man and in feeble health.

## HOMEWORLD BOUND.

The widow of Mrs. Marion J. Stephenson, who for twenty-one years was a resident of Pasadena, will be taken to Topeka, Kan., where the deceased formerly resided, for interment today.

Mrs. Stephenson, while not a member of the original "Indian colony," came to Pasadena when it was becoming more than a village, and has lived to see it grow into one of the finest cities in the world.

Mrs. W. J. Kelly, widow of Mrs. Stephenson, will take back the remains and will also make her home in Topeka. Mrs. Stephenson would have been 70 years of age had she lived until the Fourth of July. She has spent nearly a third of her life in Pasadena.

## GRAIN MAN GOES EAST.

Father J. J. Sheehan of the Roman Catholic Church of this city, to his departure yesterday for Ireland, is his first visit to his old home since leaving in 1870.

MISS LYONS ILL.

Miss M. Lyons, one of the popular young ladies of this city, president of the Altar Society of the Church of the Immaculate Conception, is suffering from nervous collapse and her condition is considered serious by her attending physicians.

W. H. Turner, the recluse who disappeared from his home on East First street three weeks ago, is still missing and no word has been received by his wife, Miss Charles L. Hartwell he comes president of the savings bank, as well as the vice-president of the First National.

## LONG BEACH NOTES.

Joint memorial services were held last night by the G.A.R. and W.R.C. for those members who have passed away during the year. There were five hundred children taking part in the exercises. Little Marion was May Queen, and attended in uniform, the dedicating service, the dedicating service at the wedding of her aunt, Mrs. Shrode, she was a picture of child beauty.

Recitations, singing and orations were all by children, provided a varied and enjoyable afternoon.

## CONTINUES HIS STUDIES.

Rev. Clark H. Marsh of the Christian Church, has broken up housekeeping and will in a short time leave for the East to continue his studies in the higher theological universities in the future plane, beyond a thorough school.

It is believed that the conference robes which made their escape to Los Angeles, Mr. and Mrs. Hoover had returned from meeting of the Eastern Star, and while returning heard from the Right Rev. Dr. J. C. Rock in the morning. Mr. Hoover remarked to his wife that someone was hitching up rather late, but thought little of the matter at the time.

## ANOTHER CLUE.

Mr. and Mrs. William Hoover have reported to the police that they believed they heard the noise made by the horse and buggy stolen from the home of A. C. Riley at No. 353 North Mareno avenue, Friday night, in which it is believed the conference robes which made their escape to Los Angeles.

Mr. and Mrs. Hoover had returned from meeting of the Eastern Star, and while returning heard from the Right Rev. Dr. J. C. Rock in the morning. Mr. Hoover remarked to his wife that someone was hitching up rather late, but thought little of the matter at the time.

## Wedding announcements. Morris Thurston Co.

Wadsworth sells paints.

Open all the year round. Always at its best. Hotel Maryland, Pasadena.

First edition of The Times, in colored wrapper, ready for mailing, at Pasadena office, 28 S. Spring.

## CATALINA ISLAND.

AVALON, May 19.—Every hotel in the place was filled to the overflowing and many more of the local citizens came in, and today's steamer brought over 400 more people to add to the happy throng.

Long Beach came over with a splash of fun, and from the beach to the pier, while but few of them landed, they filled up the big power glass-bottom boats in viewing the marine gardens and contributed to the gayety of the place.

Old Ben, the big sea lion, contributed very largely in entertaining the crowds today. He was in specially fine mood and came out on the beach to get every one that was offered him, and amply about after his special friend, George Scott, in his most graceful manner.

## COLLEGE BOYS' DINNER.

The handsome Sargent home in East Whittier was the scene of a pleasant gathering on Friday evening.

Juniors of Whittier College entertained the seniors with an elaborate seven-course dinner.

W. H. Palmer of Redlands preached at Plymouth Congregational Church, occupying the pulpit as a candidate for pastor.

Rev. Beard had accepted a call to become pastor of the First Baptist Church of this city, and will begin his work next week.

## CHURCH NOTES.

A. W. Palmer of Redlands preached at Plymouth Congregational Church, occupying the pulpit as a candidate for pastor.

Rev. Beard had accepted a call to become pastor of the First Baptist Church of this city, and will begin his work next week.

## COLLEGE BOYS' DINNER.

The handsome Sargent home in East Whittier was the scene of a pleasant gathering on Friday evening.

Juniors of Whittier College entertained the seniors with an elaborate seven-course dinner.

The bathers have come to know that the big fellow will not harm them and today he was surrounded by swimmers who permitted them to come so close that they could touch him.

While "Yellowtail Johnnie" hasn't put in an appearance with his bride as yet, the girls have arrived since his little reception for them. Johnnie has a beautiful little cottage on the hill back of Hotel Metropole, overlooking the town. When he arrives, he will tell all that his bride has forgotten in his absence for they have hand-somely decorated the place with about four dozen pairs of old shoes in every advancement, decrepit. Where his "feet" are "Hoover Kaisers" are wont to fly, is a string of footgear, at every available spot on porches, doors and windows are shoes, shoes, shoes from over. Over his gate is the motto: "Don't worry—watch us grow." The house is plastered with mottoes pertaining to the occasion.

Dr. W. C. Cowan, assistant superintendent of the Whittier State School, with his wife and brother, J. E. Coffin, and his wife, and E. M. Hill and C. Newell of Indianapolis, are guests at the Metropole.

George Frederickson and W. S. Guthrie, with their wives, are here from Guthrie, Okla., where Mr. Guthrie is president of the First Presbyterian Church by invitation of Rev. Josiah Sibley. In the afternoon, the annual memorial sermon will be delivered by Rev. W. G. Cowan, chaplain of the G.A.R. Auxiliary, will attend services in the morning at the First Presbyterian Church by invitation of Rev. Josiah Sibley. In the afternoon, the annual memorial sermon will be delivered by Rev. G. Cowan, chaplain of the G.A.R. Auxiliary.

Mr. and Mrs. Edwin H. Conger, of Indianapolis, are still holding a

memorial service in the First Presbyterian Church by invitation of Rev. Josiah Sibley.

At 9:30 o'clock, May 20, the patriotic service will be held at Pine streets and under the guidance of Chief Marshal G. H. Darrow, will follow a short line of march, ending at Pine Park, where the Woman's Relief Corps will conduct the annual ceremony of decorating a monument in memory of the unknown hero dead. Resuming the line of march, the societies will proceed to the end of the line, where the band and caravans will be cast upon the waters in memory of the sailor dead.

In the afternoon, the societies will visit the Cemetery, where the soldier dead and their graves are marked with the cross.

At 9:30 o'clock, May 20, the annual ceremony of the G.A.R. Auxiliary, will be held at the auditorium in the evening, with special patriotic music by ladies.

## THE CITY IN BRIEF

## NEWS AND BUSINESS.

## Church Improvements.

West End Congregational Church is to be remodeled and room arranged for the various auxiliary societies. Included in the plans are a room for a drill room for the boys' brigades, a room for the Epworth League Convention.

Three hundred delegates and visitors are expected to attend the Los Angeles District Epworth League convention at the Hotel Figueroa May 22 and 23. The convention includes delegations from sixteen churches.

## Bishop Hamilton Recovering.

The many friends of Bishop John M. Hamilton will be glad to know that he is gradually gaining in strength and that he expects to be able to take part in conferences in the fall. He was assigned to three conferences at a recent meeting of the bishops.

## Falls From Car.

Waltam Festad, aged 54, of No. 1213 South Main street, was thrown from a street car on Eighteenth and Main streets yesterday morning and injured. Festad was standing near the rear steps when a jerk of the car threw him from the vehicle. He was treated at the Receiving Hospital.

## Collection for Seminaries.

In all the churches of the diocese of Monterey and Los Angeles, collections were taken yesterday for the purpose of the seminaries. Preparations for the previous year in this diocese, Bishop Conaty announced that at the present time there are twenty-four students studying for the priesthood in this diocese, and students of the United States and Europe, "and said that the wonderful growth of the diocese calls for still further plans for preparing priests."

## Sunset Boulevard Paving.

The Sunset Boulevard Improvement Association will meet this evening at the M. E. Church, South, on Sunset boulevard, opposite Custer street. The master of the assessment district for the paving of the boulevard will be invited. All property owners will be invited. Sunset boulevard is to be paved with vitrified brick and it is probable the paving will continue westward to the west end of Prospect avenue, a distance of six miles.

**Bishop Conaty's Appointments.**

Bishop Conaty has announced the appointment of Rev. Patrick Brady to succeed Father Bernard Smyth as rector of Sacred Heart Church, Hollister. Father Brady has been serving the church at Stanford, and Father Smyth is sent to St. Joseph's Church at San Diego, the pastor of which was made available by the death of the venerable Padre Urich. Rev. F. X. Becker of the Church of the Star of the Sea, Catalina, is appointed rector pro tem for St. Bridget's Church, Hollister.

## BREVITIES.

J. W. Frey has moved his stock of mantels, grates, tiles and andirons to his warerooms, corner Los Angeles and Twelfth streets, where can be seen the latest equipment of black and brown fireplaces, mantles to be found in the United States to be found.

If you are fond of flower paintings don't fail to see the display this week of Miss Jenkins Renger. Over two dozen canvases on view, principally roses. J. F. Kauz Art Co., 642 So. Spring.

Oh for some water that tastes like water. Orange Mineral Table Water from Orange Co., 5 gal., 40 cents. See today's ad.

The comfortable tones and shades in tan shots, high or low, for summer are shown at Cummings, 4th & Broadway.

Hand embroidery, in the exclusive kind. Spier, leading ladies' hatter, corner Third and Hill sts.

Children's shoe store, 204 S. Broadway. Furs. D. Bonoff, tailor, 212 S. Broadway. Dollar shoe sale today, 525 Bryson blk. Idylwild opens June 15—preparations.

## MANUFACTURERS CONVENE.

Result of Association Poll on Tariff Question to Be Made Public.

Commissioners Sought.

BY THE ASSOCIATED PRESS, P.M.

NEW YORK, May 19.—The National Association of Manufacturers, which will begin its convention in New York Monday, is to hear the result of a poll of its 2,000 members on the tariff question, which has been taken during the past year at the direction of the 1905 convention. The tariff commission sent out several questions intended to show, if possible, not only how much revision is desired, but also when and how the revisionists want the present law changed.

Other subjects to be discussed by the convention, and speakers on the different topics will be: "Further Railroad Legislation," Charles A. Prouty, Interstate Commerce Commissioner; "The Child Labor Problem," Dr. Charles P. Neff, Commissioner of Labor.

On Wednesday night, at the annual banquet, addresses will be made by Secretary Straub, Senator Dolliver of Iowa, Rear-Admiral Sigsbee and Maj. Gen. Franklin Bell, Chief of Staff of the army.

PROTESTANT CONVENTION.

Delegates Gather at Denver to Attend General Assembly—President McGaugh Wins Presidency.

BY THE ASSOCIATED PRESS, P.M.

DENVER (Colo.), May 19.—L. Armstrong of Butler, Pa., is the first delegate to arrive in Denver to attend the annual general assembly of the United Presbyterian Church of America which convenes in the first United Presbyterian Church, Lincoln and Fourteenth avenues, Wednesday at 2 p.m.

Three hundred and fifty delegates will be from all parts of the United States and Canada, also missionaries, delegates from Egypt and India. Among them will be the absent members of the denomination.

James W. Naugh, moderator of Allegheny Seminary, is moderator of the assembly, and will preside at the sessions here which will continue a week.

TO TALK ARBITRATION.

LAKE MAHON (N. Y.), May 19.—Many prominent citizens of the state will gather at Lake Mohonk, N. Y., on Wednesday to take part in the three days' session of the thirteenth annual meeting of the Lake Mohonk Conference on International Arbitration. Among those who will address the conference are Enrique C. Crael, Mexican Ambassador to the United States; Nicholas Murray Butler, president of Columbia University and John D. Everett, Director of the Bureau of American Republics.

APPEAL TO DIAZ.

ORIZABA (Mexico), May 19.—In order to bring an end to the disastrous labor strike at the Puebla cotton textile works, the authorities have petitioned the intervention of President Diaz, whose personal interest in the matter, it is believed, will result in a speedy settlement.

After May 1st this store will be open at 8:30 a.m. and close at 5:30 p.m.

## WILL ENFORCE NEW MOTOR LAW

## SPEED-MAD MOTORISTS CAUSE STRICT ORDINANCE.

Mounted Police Endeavor to Rid Busy Streets of Dangerous Drivers. Over a Score of Drivers Were Taken in Custody Yesterday—All Vehicle Drivers Must Obey, Also.

Twenty-four motor car drivers were arrested yesterday for violating the new speed law. Mounted on high speed motorcycles three policemen traveled over the streets of the city and took up regular challenges. With this law the police hope to stop the "speed maniacs" and render the boulevards of the city safe for pedestrians and vehicles.

It is not the average owner of motor vehicles that the speed law was made for, but the drivers of speed machines who have shown extreme disregard of the possible rights on highways of the city. The few owners of automobiles and drivers have made it necessary for the rigid law to control the speed of the drivers.

The ordinance is an amended ordinance of that passed some time ago. It applies to all vehicles, motorcycles, trucks, vans, automobiles, horses or horseless carriages.

A speed limit of twelve miles an hour applies to Main street from Market to Spring street; West Main street from First to Ninth streets; First, Second, Third, Fourth and Fifth streets; Sixth, Main street to Grand; Sixth, Main street from Market to Figueroa street; Seventh street, from Main street to Figueroa street, Eighth street from Main to Figueroa street.

Speed limit of twenty miles an hour. Across the crossings of Temple, Main and Spring streets; of First, Second, Third, Fourth, Fifth and Sixth streets; of Main, Eighth and Ninth streets, the speed limit is four miles an hour.

## IS STRONG IN FINANCE.

Prominent Goldfield Man Acquires Stock in American National Bank and Will Enter Directorate.

M. J. Monnette of Goldfield has decided to cast his lot with the financiers of Los Angeles, believing in the continued growth and development of this city. He will make Los Angeles his home, but, of course, retain much of his valuable property in the Goldfield district. He is a man of large fortune and is considered one of the really strong financial men of Nevada.

M. J. Monnette has acquired a block of stock of the American National Bank of this city and at some future time, not far distant, he will become a director in that stable institution.

## IRISH LEADERS MEET.

LOS ANGELES, May 19.—The fate of the Irish bill introduced in the British House of Commons on May 7 will largely depend on the attitude taken by the Irish Nationalists with regard to the bill at Dublin on Tuesday. All the Irish corporations and theborough and rural councils, irrespective of politics, have been invited to send delegations and the leaders of the United Irish League in Ireland and England will also be represented.

Y.W.C.A. RAISES FUND.

PITTSBURGH, May 19.—In a popular subscription campaign of two days, Y.W.C.A. members of the Women's Christian Association of this city have raised a fund of over \$300,000, thereby earning an endowment fund of \$900,000 from H. C. Prich, the purpose of building a permanent home for the association in Pittsburgh.

Hand embroidery, in the exclusive kind. Spier, leading ladies' hatter, corner Third and Hill sts.

Children's shoe store, 204 S. Broadway.

Furs. D. Bonoff, tailor, 212 S. Broadway. Dollar shoe sale today, 525 Bryson blk. Idylwild opens June 15—preparations.
